PRODUCER

We are Marshfield Farm

We've been creating a whole host of flavours on our family farm in the South West of England for over 35 years.

Our flavours are inspired by British classics, with a few surprises in the line up too. From creamy to crunchy, fruity to fudgy, we truly believe we have something for everyone, including the dog!

The Hawking Family & our farm dog, Scoop

Every drop of milk in our ice cream comes from our herd

From Cow to Cone

We are three generations of farmers working together. We don't want that tradition to stop here, so we champion sustainable farming and ice cream making.

Our ice creamery is less than 30 meters away from our cow barns, 95% of the food our cows munch on is grown by us and every drop of milk in our ice cream can be traced right back to the fields we call home.

The Inside Scoop

We aim to be a one-stop shop for all your ice cream needs. We have our expert team of reps based across the UK, who are on hand to support you with every step in your ice cream journey.

From freezer support to customer branding, to scoop training and upselling ideas, our team really do have the inside scoop!
